- a) The Customer can register for only those flights which are not departing from India.
- b) If the Customer tries to register a flight that does not meet these conditions, the system will not allow the registration to proceed.
- c) Even in case of a successful registration, if the Customer provides incorrect or partial information, the registration is liable to be cancelled.
- d) A flight registration cannot be amended after a registration has been submitted. The customer will have to cancel the existing registration and re-register with the new details.
- e) Subject to successful prior registration and lounge availability, we will provide the Customer with airport lounge access via a Dreamfolks voucher, in the event that our flight tracking system identifies that the flight is delayed by more than 2 hours.
- f) The Customer will receive this via an SMS / email provided at the time of registration. Access to either the SMS or the email accounts the Customer provided at registration and the ability to display the Dreamfolks eCert is a condition of use of this service, and Internet access may be pre-requisite for this. Showing the Dreamfolks eCert is mandatory to get access to the Lounge.
- g) The departure of the flight will be monitored by our flight tracking system. We and Customer will rely solely on our flight tracking system to determine if the Customer has become eligible for airport lounge access. Customer accepts that we do not warrant the accuracy of the flight tracking system and you will not rely on it to track your flight departure time.
- h) The airport lounge access will be provided to the Customer for the same date as the flight travel. It cannot be used on any other day of your travel. Flights that are cancelled or rescheduled for the next day (24 hours after the flight's scheduled departure time) will not be deemed as delayed and will be handled by the airline directly via their own compensation process. Please allow upto 15 minutes after the delay threshold for getting the lounge access.

- j) This eCert is provided to the Customer on a non-transferable, non-refundable and nonchangeable basis.
